## teachers Update.

### Miss Laverick's Class

This week we have been learning all about spring and what happens in spring. We went on a walk around the school grounds looking for signs of spring. We have also been learning about the festival of Eid and how it is celebrated by Muslims. We were fortunate to have one of our pupils come and visit us in her traditional dress and shared some treats with us whilst telling us more about her celebrations. Happy Eid to all those who celebrated this week - From reception class.

### Mrs Southam's Class

The children have become amazing animators this week, creating their very own flip-books in our new computing topic. They produced 3-4 mini pictures with the objective of making their characters move! In maths, the group have been learning all about capacity and volume, using different sized containers to compare amounts. They have been wonderful investigators!

## Headteachers message

It has been lovely to welcome our children back this week for the start of the summer term- we are looking forward to a busy and productive half term. You should have received curriculum overviews this week; they are designed to give you information about what your child is learning in school. If you would like any further information about what your child is learning, or how you can support your child at home, please do not hesitate to speak to your child's class teacher.

We have 2 assemblies coming up, these give us the opportunity to showcase and celebrate some of the learning that has been taking place so it would be lovely if you could make it.

Thank you for your continued support.
