1. Purpose and Aims

- 1.1 Our policy applies to all staff, governors and volunteers working in the school and takes into account statutory guidance provided by the Department for Education and local guidance issued by the Leicestershire Safeguarding Children Partnership.
- 1.2 We will ensure that all parents/carers are made aware of our responsibilities regarding child protection procedures and how we will safeguard and promote the welfare of their children through the publication of this school child protection policy. These duties and responsibilities, as set out within the Education Act 2002 sec175 and 157, DfE Statutory Guidance Keeping Children Safe in Education 2025 and HM Working Together to Safeguard Children 2023 are incorporated into this policy.

2. Child Protection and Safeguarding Statement

- 2.1 We recognise our moral and statutory responsibility to safeguard and promote the welfare of all pupils. We will endeavour to provide a safe and welcoming environment where children are respected and valued. We will be alert to the signs of abuse, neglect and exploitation and follow our procedures to ensure that children receive effective support, protection, and justice.
- 2.2 The procedures contained in this policy apply to all staff, supply staff, volunteers, and *governors/Trust* and are consistent with the Leicester and the Leicestershire and Rutland Safeguarding Children Partnerships.

3. Maintaining a child centred and coordinated approach to safeguarding:

- 3.1 Everyone who works at Foxbridge Primary School understands they are an important part of the wider safeguarding system for children and accepts safeguarding and promoting the welfare of children is everyone's responsibility and everyone who comes into contact with children and their families has a role to play. To fulfil this responsibility effectively, all our staff, including supply staff and volunteers will ensure their approach is child-centred and will be supported to consider, at all times, what is in the best interests of the child.
- 3.2 We recognise no single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information, and taking prompt action.
- 3.3 **Safeguarding children is defined as:** The actions we take to promote the welfare of children and protect them from harm. It is everyone's responsibility: Everyone who comes into contact with children and families has a role to play.

4. Safeguarding and promoting the welfare of children

- 4.1 Defined as:

- Providing help and support to meet the needs of children as soon as problems emerge.
- Protecting children from maltreatment, whether that is within or outside the home, including online.
 - Preventing the impairment of children’s mental and physical health or development.
 - Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
 - Taking action to enable all children to have the best outcomes.
- **NB Definition:** Children includes everyone under the age of 18.

5. Whole school approach to safeguarding:

- 5.1 We understand the importance every member of our staff has through their contact with children in and outside of our school environment and the particular importance of the roles and relationships they have which places them in a position to identify concerns early, provide help for children and promote children’s welfare and prevent concerns from escalating.
- 5.2 As a school we have a responsibility to provide a safe environment in which children can learn.
- 5.3 We will make every effort to identify children who may benefit from early help and put in place support as soon as a problem emerges at any point in a child’s life.
- 5.4 **Any staff member** who has **any** concerns about a child’s welfare should follow the processes set out in this child protection policy and raise concerns with the designated safeguarding lead or deputy without delay.
- 5.5 All our staff should expect to support social workers and other agencies following any referral, especially if they were involved in being alert to or receiving a disclosure of risk, harm or abuse or harassment from a child.
- 5.6 Our senior designated safeguarding lead will provide support to staff to carry out their safeguarding duties and who will liaise closely with other services such as children’s social care, police, early help, and health were required, as the designated safeguarding lead (and any deputies) are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to safeguarding concerns.

6. **Safeguarding is not just about protecting children from deliberate harm. It also relates to the broader aspects of care and education including:**

- Pupils’ health and safety and emotional well-being, and their mental and physical health or development.
- Meeting the needs of children with special educational needs and/or disabilities.
- Meeting the legal duties on the school the Equality act: will not unlawfully, discriminate against pupils or students based protected characteristics; we will carefully consider how we support pupils/students regarding particular protected characteristics; we will take positive action to deal with particular disadvantages affecting pupils or students.

- Where a child receives elective home education and has an EHCP, the LA should review the plan working with parents and carers.
- The use of reasonable force.
- Meeting the needs of children with medical conditions.
- Providing first aid.
- Educational visits and off- site education.
- Alternative Provision placements
- Intimate care and emotional wellbeing.
- On-line safety and associated issues including filtering and monitoring in accordance with DfE monitoring standards.
- Appropriate arrangements to ensure school security, considering the local context.
- Keeping children safe from risks, harm, exploitation and sexual violence and sexual harassment between children: KCSiE 2025 Annex A.

7. Safeguarding can involve a range of potential issues

7.1 Such as:

- Neglect, physical abuse, sexual abuse, emotional abuse and exploitation.
- Contextualised also known as extra-familial abuse.
- Bullying, including online bullying (by text message, on social networking sites, and prejudice-based bullying and being aware of the ease of access to mobile phone networks.
- The approach to online safety, including appropriate filtering and monitoring on school devices and school networks for home use.
- Going frequently missing and who are 'absent from education' going 'missing from care or home' and the risks this poses on repeat occasions and for prolonged periods.
- Domestic Abuse including teenage relationship abuse.
- Domestic Abuse including where they see, hear or experience its effects.
- Racist, disability- based, homophobic, bi-phobic, or transphobic abuse.
- Gender based violence/violence against women and girls.
- Risk of extremist behaviour and/or radicalisation and susceptible to being at risk of being drawn into terrorism.
- Child sexual exploitation, human trafficking, modern slavery, sexual or criminal exploitation.
- A young carer.
- Has a mental health need and has an effect on school attendance and progress.
- Has special educational needs (whether or not they have a statutory Education Health and Care Plan (EHCP).
- Privately fostered.
- Has returned home to their family from care.
- Has a family member in prison or is affected by parental offending.
- Child-on-Child Abuse (broadened by KCSiE 2025 to include children abusing other children, other varying form of bullying including online and sexually harmful behaviour, sexual violence, and sexual harassment (further defined in KCSiE 2025 Part Five).
- Harm outside the home extra familial harm.
- The impact of new technologies, including 'sexting' and accessing pornography.
- The impact of generative artificial intelligence

- Exposure to misinformation, disinformation (including fake news) and conspiracy theories
 - Issues which may be specific to a local area or population, is showing signs of being drawn into anti-social or criminal behaviour, including gang activity or involvement and associations with organised crime groups or county lines.
 - In possession of a knife and or involved in knife crime, youth violence, criminal child exploitation (CCE).
 - Is in family circumstances which present challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse/harm.
 - Is at risk of or from serious violence and violent crime.
 - Persistent absence from education, including persistent absence for part of the school day.
 - At risk of suspension or permanent exclusion
 - Particular issues affecting children including domestic abuse and violence, female genital mutilation, and honour-based abuse.
 - Being subject to any conduct where the purpose is to cause a child to marry before their eighteenth birthday, even if violence, threats, or another form of coercion are not used. As with the existing forced marriage law, this applies to non-binding, unofficial 'marriages' as well as legal marriages (Law change on Forced Marriage, February 2023).
 - 'Upskirting'- The Voyeurism (Offences) Act, which is commonly known as Upskirting Act, came into force on 12 April 2019. Upskirting is a criminal offence and reportable by all teachers (KCSiE Annex A).
- 7.2 All our staff and volunteers are aware of the indicators of abuse, neglect and exploitation and know what to look for is vital for the early identification so that support can be put in place. Our staff and volunteers are also aware of the specific safeguarding issues that indicate or inform of concerns or incidents linked to child criminal exploitation and child sexual exploitation and know to report concerns directly to the designated safeguarding or a member of the senior leadership team should the designated safeguarding lead not be available for children who may be in need of help or protection.
- 7.3 Our staff recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. Children may also feel embarrassed, humiliated, or could be being threatened not to tell, so not feel able to share what is happening to them. Alternatively, we recognise children may not want to make a disclosure or talk about what is happening due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child and agree a way forward to support the child and determine how best to build trusted relationships with children and young people which facilitate good opportunities for communication.
- 7.4 **All staff** should **always** speak to the designated safeguarding lead, or deputy at the earliest opportunity.
- 7.5 As a school we are aware that abuse, neglect, and safeguarding issues are rarely standalone events and cannot be covered by one definition or one label alone. In most cases, multiple issues will overlap with one another, therefore all staff should always be vigilant and always raise any concerns with the designated safeguarding lead (or deputy).

- 7.6 **All** staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of our school environment.
- 7.7 All our staff have received information and training regarding the risks that can take place outside the child's family. This is known as extra-familial harm and these can take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, sexual abuse, serious youth violence and county lines.
- 7.8 Our staff are aware that technology offers many opportunities but is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. Children can also abuse their peers online, this can take the form of abusive, harassing, and misogynistic messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.
- 7.9 All our staff have 'an understanding of the expectations, applicable to their roles and responsibilities in relation to filtering and monitoring' of ICT systems and regular monitoring of school's equipment and networks.

8. Online Safety

- 8.1 Our school approach to online safety, including appropriate filtering and monitoring on school devices and school networks is reflected in this Child Protection Policy including awareness of the ease of access to mobile phone networks. (See KCSiE 2023 Paragraph 138).
- 8.2 Our Senior DSL and the DDSL have the lead responsibility in this area, which is overseen and regularly reviewed by the Governing Body/ Trust, along with considering the number of and age range of their children, those who are potentially at greater risk of harm, and how often they access the IT system along with the proportionality of costs versus safeguarding risks.
- 8.3 Our Governing Body/Trust will ensure they maintain oversight of the Online Safety Policy contained within our main child protection policy, and the arrangements put in place to ensure appropriate filtering and monitoring on school devices and school network. The appropriateness of any filtering and monitoring systems will in part be informed by the risk assessment required by the Prevent Duty as required by KCSiE 2025 paragraph 140-150.
- 8.4 This will include:
- identify and assign roles and responsibilities to manage filtering and monitoring systems.
 - review filtering and monitoring provision at least annually.
 - block harmful and inappropriate content without unreasonably impacting teaching and learning.
 - have effective monitoring strategies in place that meet the *school* safeguarding need.
 - review and discuss the standards with the leadership team, IT staff and service providers to ensure the school/college meets the standard published by the [Department for Education filtering and monitoring standards](#).

- 8.5 Foxbridge Primary School has an online safety policy which is followed by all staff. It outlines our effective approach to online safety which empowers us to protect and educate our school community.

Firewall by NASSTAR

Filtering by Netsweeper

Anti-virus software – Sophos

Monitoring software – SENSO

Regular checks are carried out by the safeguarding team to ensure that systems are effective.

- 8.6 Our Governing Body/Trust will ensure a review is maintained to ensure standards. They will discuss with IT staff and service providers these standards and whether more needs to be done to support our school/college in meeting and maintaining these standards and communicating these to staff, *our pupils, parents, carers and visitors to the school who provide teaching to children as part of the learning and educational opportunities we provide.*
- 8.7 Our Senior DSL and the DSL team will always act in the 'best interest of the child' and remain mindful of the importance with parents and carers about safeguarding concerns held for children and in particular children's access to online sites when away from school.
- 8.8 We will support understanding of harmful online challenges and hoaxes and share information with parents and carers and where they can get help and support.
- 8.9 All forms of abuse or harassment will be reported in accordance with national safeguarding guidance, and we will take a 'zero tolerance' approach to harassment and abuse as informed in KCSiE 2025.
- 8.10 As a school, should an incident or disclosure be made by a child, our staff will always reassure the child (victim) that they are being taken seriously and that they will be supported and kept safe, but we recognise that not every victim will view themselves as such. We will also be mindful of the use of other terminology such as '**alleged perpetrator(s)**' or '**perpetrator(s)**' as in some cases the abusive behaviour will have been harmful to the perpetrator as well.
- 8.11 We will do our best to ensure children understand the law on child-on-child abuse is there to protect them rather than criminalise them. In doing this we will discuss with relevant statutory safeguarding agencies to ensure all concerns or incidents are addressed fully, and where required different types of assessment and services are put in place where required and in accordance with the Pathway to Provision v 9.1.

9. Identifying Concerns

- 9.1 All members of staff, volunteers and governors will be aware of indicators of abuse, neglect and exploitation know, will know how to identify pupils who may be being harmed and then how to respond to a pupil who discloses abuse, or where others raise concerns about them. Our staff will be familiar with procedures to be followed and will receive safeguarding and child protection (including online safety) updates.

9.2 Staff understand that abuse, neglect, and safeguarding issues are rarely standalone events that can be covered by one definition, and that in most cases multiple issues will overlap with each other. Staff who regularly come into contact with children are aware of the DfE guidance [What to do if you're worried a child is being abused](#)

9.3 The four main categories of child abuse are as follows:

1. Physical Abuse
2. Emotional Abuse
3. Sexual Abuse
4. Neglect

10. Indicators of abuse, neglect and exploitation:

10.1 **Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including where they see, hear or experience its effects.

10.2 **Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

10.3 **Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectation being imposed on children. These may include interactions that are beyond a child's developmental capability as well as over protection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

10.4 **Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbations, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children to look at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known

as child-on-child abuse) in education and **all** staff should be aware of it and of their school or colleges policy and procedures for dealing with it.

10.5 **Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, because of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to; provide adequate food, clothing, and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (the use of inadequate caregivers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

10.6 **Child Criminal Exploitation:** occurs where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child or young person under the age of 18. The victim may have been criminally exploited even if the activity appears consensual.

Child Criminal Exploitation does not always involve physical contact; it can also occur through the use of technology. Criminal exploitation often happens alongside sexual or other forms of exploitation.

Child Criminal Exploitation is broader than just county lines and includes for instance children forced to work on cannabis farms, to commit theft, shoplift or pickpocket, or to threaten other young people.

10.7 **Child Sexual Exploitation (CSE):** is a type of sexual abuse. It happens when a child or young person is coerced, manipulated or deceived into sexual activity in exchange for things that they may need or want like gifts, drugs, money, status and affection.

10.8 **Domestic Abuse**

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.

Female Genital Mutilation (FGM)

Whilst all staff should speak to the senior designated safeguarding lead (or a deputy) with regard to any concerns about female genital mutilation (FGM), there is a specific legal duty on teachers. If a teacher, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher must report this to the police.

Mental Health

All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Education staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Schools and colleges can access a range of advice to help them

identify children in need of extra mental health support, this includes working with external agencies. If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken to follow their school or college's child protection policy and by speaking to the designated safeguarding lead or a deputy.

Serious violence

All staff should be aware of the indicators, which may signal children are at risk from, or are involved with, serious violent crime. These may include increased absence from school or college, a change in friendships or relationships with older individuals or groups, a significant decline in educational performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation.

11. Safeguarding issues:

- 11.1 All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking and or alcohol misuse, deliberately missing education unexplainable and/or persistent absences from education and consensual and non-consensual sharing of nudes and semi-nude images and/or videos can be signs that children are at risk.
- 11.2 The school creates a strong safeguarding culture and staff have a "it could happen here" attitude. Staff have regular safeguarding refreshers in addition to annual training. Staff are aware of issues relating to online abuse and criminal and sexual exploitation. They are vigilant to changes in behaviour and will record these using CPOMS.
- 11.3 As a school, we teach about online safety in an age-appropriate way. E-safety is embedded within computing lessons, P.S.H.E lessons and assemblies as well as using incidental teachable moments. We also provide parents with advice and support via newsletters and the school website.
- 11.4 Staff are aware of issues relating to child-on-child abuse and are vigilant to signs of this. All concerns are passed to the DSL and logged on CPOMS.
- 11.5 Our school ethos demonstrates that the effective safeguarding of children can only be achieved by putting children at the centre of a system where we listen and hear what they say. Every individual within Foxbridge Primary School will play their part, including working with professionals from other agencies, particularly social workers, to meet the needs of our most vulnerable children and keep them safe. We will take opportunities to teach children about important safeguarding issues in a way that is age appropriate.
- 11.6 At Foxbridge, we place every child at the heart of our safeguarding approach by fostering a trauma aware culture among staff. Comprehensive training on our behaviour policy is provided at induction and regularly updated to ensure consistent, and supportive responses to children's needs. Each classroom is equipped with worry boxes to further encourage children to share concerns confidentially. The school council plays a vital role in amplifying pupil voice and ensure children actively contribute to shaping a safe and nurturing school environment. Safeguarding is seamlessly integrated throughout the curriculum, reinforced in PSHE lessons, incidental teachable moments, and assemblies.
- 11.7 Our school is led by senior members of staff and governors/ trust members whose aims are to provide a safe environment and vigilant culture where children

and young people can learn and be safeguarded. If there are safeguarding concerns, we will respond with appropriate action in a timely manner for those children who may need help or who may be suffering, or likely to suffer, significant harm.

- 11.8 Where staff members have concerns about a child (as opposed to a child being in immediate danger) they will decide what action to take in conjunction with the Snr Designated Safeguarding Lead. Although we advocate that any staff member can make a referral to children's social care or First Response, especially where a child is identified as being in immediate danger, they should however ensure that the Designated Safeguarding Lead (DSL), or a member of the senior leadership team is informed as soon as possible.
- 11.9 We also ensure that all our staff are clear that whilst they should discuss and agree with the DSL any actions to be taken, they are able to escalate their concerns and contact First Response, First Response Consultation Line or social care to seek support for the child if despite the discussion with the DSL their concerns remain. Staff are also informed of the school whistle blowing procedures and the contact details for the Local Authority LADO and NSPCC helpline. Our school has strong relationships with parents / carers and we have an open-door policy. Meetings with parents will be arranged with class teachers/ senior / leaders/ safeguarding leads to offer support to families as appropriate; records of meetings and appropriate will be recorded on CPOMS.

12. Alternative providers and other agencies

- 12.1 Foxbridge Primary School works effectively with a range of external agencies to support children effectively. This includes (but is not limited to) working with Children's Services, the Local Authority safeguarding team, the police, Operation Encompass, Health services and the virtual school. We are always looking to form further partnerships that will help develop our school's procedures or provide support for our families. We also facilitate meetings for individual families to support local access for families.
- 12.2 Where the school places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil and should be satisfied that the provider can meet the needs of the pupil. School will agree Alternative Provision with the Flying High Partnership, parents/carers and relevant external agencies. The school will complete the FHP Alternative Provision checklist and the Alternative Provision Transition Plan as part of Due Diligence, ensuring written confirmation from the provider that appropriate safeguarding checks have been carried out. Senior school staff including members of the school safeguarding team will regularly visit to monitor the provision in place including the effective safeguarding arrangements within the provision.
- 12.3 Children who attend alternative education often have complex needs, it is important governing bodies/trusts and designated safeguarding leads ensure children are fully always supported, and the alternative setting is aware of any additional risks of harm that pupils may be vulnerable to. Information sharing for pupils who receive education provision outside of a mainstream setting is vital to support the child and ensure the learning environment where they are placed has all necessary information for the child before they access the provision. The

working together principles are key to keep the child safe and understanding the vulnerabilities needing to be supported. This should include up to date contact details for the professionals working with the child and family.

- 12.4 Schools should also obtain written confirmation from the alternative provision provider that appropriate safeguarding checks have been conducted on individuals working at the establishment, i.e., those checks that the school would otherwise perform in respect of its own staff.
- 12.5 The Senior Designated Safeguarding Lead, who is familiar with national and local guidance, will share concerns, where appropriate, with the relevant agencies.
- 12.6 The school carries out relevant checks on any external agencies/groups that use the premises for extra-curricular activities, and retains the same safeguarding responsibilities when receiving an allegation related to an incident that happened when an individual or organisation is using the school premises for the purpose of running these activities for children (e.g. sports associations that run holiday clubs and extra-curricular activities). As with any safeguarding allegation, the school will follow the safeguarding policies and procedures, including informing the LADO.
- 12.7 Schools should always know where a child is based during school hours. This includes having records of the address of the alternative provider and any subcontracted provision or satellite sites the child may attend.

13. CPD, culture and ethos

13.1 The headteacher ensures that all new staff receive a thorough induction and training relevant to their role. As part of the safeguarding induction, all staff are shown how to log concerns on CPOMS. When supply staff are used, they are given a copy of the staff handbook and safeguarding induction leaflet. Due diligence checks are carried out for all staff before their first day of work. Regular updates and refreshers are shared with staff to ensure that a safeguarding culture is maintained.

13.2 Foxbridge Primary School has a safer recruitment policy which is followed for all new appointments. The headteacher and assistant headteacher are safer recruitment trained. Full details can be found within the policy.

Responsibilities of the DSL/DSL Team

- 14.1 The Senior DSL and deputies (DSL team) maintains a key role in raising awareness amongst staff about the needs of children who have or who have had a social worker and the barriers that those children might experience in respect of attendance, engagement and achievement at schools or college. This should include children under kinship care.
- 14.2 The Senior DSL along with the Designated Teacher can inform the Governing body and Headteacher the number of children in their cohort who have or who have had a social worker and appropriate information is shared with teachers and staff on individual children's circumstances.
- 14.3 The Designated Teacher and Senior Designated Safeguarding Lead maintain data for children who have looked after status and for children who have been involved in the care system.
- 14.4 The Designated Teacher maintains good links with the Virtual School Head to promote the educational achievement of previously looked after children. The

role of virtual school heads was extended in June 2021, to include a non-statutory responsibility for the strategic oversight of the educational attendance, attainment, and progress of children with a social worker. The virtual school head should identify and engage with key professionals, helping them to understand the role they have in improving outcomes for children. This should include Designated Safeguarding Leads, social workers, headteachers, governors, Special Educational Needs Co-ordinators, mental health leads, other local authority officers.

14.5 The Designated Teacher for Looked after Children is also the Senior Designated Safeguarding Lead.

15. The seven main elements of our Child Protection Policy

15.1 There are seven main elements to our policy:

- Providing a safe environment in which children can learn and develop.
- Ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children.
- Developing and then implementing procedures for identifying and reporting cases, or suspected cases of abuse in and outside of school.
- Supporting pupils who have social care involvement in accordance with his/her child in need plan, child protection plan or are subject to Local Authority Care.
- Raising awareness of safeguarding children, child protection processes and equipping children with the skills needed to keep them safe in and outside of school.
- Working in partnership with agencies and safeguarding partners in the 'best interest of the child.'
- Ensuring we have appropriate policies and procedures to deal with child-on-child sexual violence and sexual harassment, including those that have happened outside of the school or college premises and/or online, forms of harassment and harmful sexual behaviour. Filtering and monitoring arrangements for online safety and harms are included within the main policy.

14. Providing a safe environment

16.1 We recognise that because of the day-to-day contact our school have with children they and we are well placed to observe the outward signs of abuse.

16.2 *The school* will therefore:

- 16.2.1 Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to and heard.
- 16.2.2 Ensure children know that there are trusted adults in the school who they can approach if they are worried.
- 16.2.3 Ensure that every effort is made to establish effective working relationships with parents, carers, and colleagues from other agencies.

- 16.2.4 Include opportunities in the PSHE curriculum for children to develop the skills they need to recognise and stay safe from abuse by:
- 16.2.5 Recognise and managing risks including online safety, radicalisation and extremism, sexual exploitation, child on child sexual violence and sexual harassment, the sharing of nude and semi -nude images which has replaced what was termed as sexting.
- 16.2.6 Support the development of healthy relationships and awareness of domestic violence and abuse, recognising that Domestic Abuse can encompass a wide range of behaviours and may involve a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial, or emotional harm and children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.
- 16.2.7 Recognising how pressure from others and safeguarding vulnerabilities can affect their behaviour.
- 16.2.8 Recognising the link between mental health, school attendance and children 'absent from education' and the impact on learning, progress, and educational attainment.
- 16.2.9 Knowing that as a school we will act swiftly to address any concerns related to serious violence, gang and knife crime or child on child sexual violence or sexual harassment incidents.
- 16.2.10 Ensuring our behaviour policy includes measures to prevent bullying, including cyberbullying, harmful online challenges, hoaxes, prejudice-based and discriminatory bullying and use of social media platforms and networks is.
- 16.2.11 Maintain an on-line safety policy which address statutory filtering and monitoring standards, which consider remote learning, and use of mobile and smart technology and is reviewed regularly to take into account any new threats.
- 16.2.12 The response required by schools and safeguarding agencies to address any 'harm outside the home' also known as 'extra familial harm.' *Schools* are a place of protection and where children and young people can share concerns and seek support and are place of safety and where children and young people can form safe and trusted relationships. Through creating a whole school ethos and sharing excellent communication with safeguarding partners and services, children and young people can feel assured they will be listened to, heard, and offered support to enable them share sensitive information and strengthen their resilience.
- 16.2.13 Importance of our school ethos of working together with parents, carers, and external services to form strong and trusted partnerships which can advocate trauma informed and trauma aware responses and where trusted relationships can be formed and go on to create safe places and spaces within the community, so children and young people know how to access a place of safety outside of the school/college environment if needed.

- 16.3 Staff are aware that harm can occur outside of the home and work closely with the appropriate agencies to offer help and support where appropriate. <http://www.childexploitationeastmidlands.org.uk/>
- 16.4 We teach our children how to keep safe by embedding safeguarding into our curriculum. Assemblies, incidental teachable moments, RSHE, PSHE, computing and science lessons are taught and reinforce our school values and British values.
- 16.5 We will take all reasonable measures to ensure any risk of harm to children's welfare is minimised inside and outside of the school environment.
- 16.6 Take all appropriate actions to address concerns about the welfare of a child, working to local policies and procedures in full working partnership with agencies.
- 16.7 Ensure robust child protection arrangements are in place and embedded in the daily life and practice of the school.
- 16.8 Promote pupil health and safety.
- 16.9 Promote safe practice and challenge unsafe practice.
- 16.10 Ensure that procedures are in place to deal with allegations of abuse against teachers and other staff including volunteers, supply staff and contractors. KCSiE Part Four has two sections, the second section addresses low-level concerns.
- 16.11 Provide first aid and meet the health needs of children with medical conditions.
- 16.12 Ensure school site security.
- 16.13 Address drugs and substance misuse issues.
- 16.14 Support and plan for young people in custody and their resettlement back into the community.
- 16.15 Work with all agencies regarding missing children, anti-social behaviour/gang activity and violence in the community/knife crime and children at risk of sexual exploitation.
- 16.16 Everyone having a duty to safeguard children inside/outside the school environment including school trips, extended school activities, vocational placements, and alternative education packages.

Additional measures

- 17.1 If we have any children who receive off site education or have alternative learning experiences, we would ensure appropriate checks had been carried out and a risk assessment would be put in place.
- 17.2 The DSL has received appropriate training to be the mental health lead. All staff are trauma aware and know how to identify signs that children may be suffering with their mental health. Concerns are logged on CPOMS and advice and support will be sought as appropriate.
- 17.3 All staff are aware that Children who are LGBT may be targeted and know that Homophobia, biphobia, and transphobia are forms of discrimination and will not be tolerated.

- 17.4 Child abduction and community safety incidents – Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members; by people known but not related to the victim (such as neighbours, friends, and acquaintances); and by strangers. Other community safety incidents in the vicinity of a school can raise concerns amongst children and parents, for example, people loitering nearby or unknown adults engaging children in conversation.

As children get older and are granted more independence (for example, as they start walking to school on their own) it is important they are given practical advice on how to keep themselves safe.

- 17.5 Our school provides outdoor safety lessons to help children build confidence and abilities to protect themselves or know how and where they can seek help and support. Only named people are allowed to collect children from school and parents must inform the office if any changes to the list are made. Only children in upper key stage 2 can walk home alone and written consent must be given from parents.

- 18.1 We will follow the procedures set out by the Leicestershire and Rutland Safeguarding Children Partnership (LRSCP) and take account of guidance issued by the DfE in Keeping Children Safe in Education 2025 to:

- 18.1.1 Ensure we have a Senior Designated Safeguarding Lead (DSL), who is a member of the school/college leadership team, and a Deputy Safeguarding Lead for child protection/safeguarding who has received appropriate training and support for this role.

19. Supporting children and working in partnership

- 19.1 We recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. We recognise that children who are abused or who witness violence may find it difficult to develop a positive sense of self-worth. They may feel helplessness, humiliation, and some sense of blame. The school may be the only stable, secure, and predictable element in the lives of children at risk. When at school their behaviour may be challenging and defiant or they may be withdrawn. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child. It is also important that staff determine how best to build trusted relationships with children and young people which facilitate communication We also recognise that there are children who are more vulnerable than others, which include children with special educational needs and or disabilities.
- 19.2 All staff including volunteers are advised to maintain the attitude of '**it could happen here**' where safeguarding is a concern, and when concerned about the welfare of the child should always act in the **best** interests of the child.
- 19.3 *Our school* will endeavour to support the pupil through:

- 19.3.1 Developing the content of the curriculum to ensure that safeguarding is embedded within with it. This is through, PSHE, RSHE, e-safety, assemblies and incidental teachable moments responding to events in school and the wider community.
- 19.3.2 Maintaining a school ethos which promotes a positive, supportive, and secure environment, and which gives pupils a sense of them being valued.
- 19.3.3 The school behaviour policy, anti-bullying policy and child-on-child abuse policy which is kept up to date with national and local guidance and which is aimed at supporting vulnerable pupils in our school.
- 19.3.4 Our school will proactively ensure that all children know that some behaviours are unacceptable and will need to be addressed but as members of our school they are valued and will be supported through the time required to deal with any abuse or harm that has occurred, or outcomes from incidents.
- 19.3.5 If school has concerns, they will work closely with families and external agencies to support the child as appropriate. Strategies include: social and emotional support groups, ELSA support, sensory room, nurture room, individualised behaviour plans.
- 19.3.6 Liaison with other agencies that support the pupil such as Children's Social Care (in line with the [Thresholds for access to services](#), updated in September 2021); [Leicestershire Inclusion Service](#) and [Education Psychology Service](#), and the [Children and Family Wellbeing Service](#), etc.
- 19.3.7 Ensuring that, where a pupil leaves and is subject to a child protection plan, child in need plan or where there have been wider safeguarding concerns, their information is transferred to the new school immediately or within **5 working days** and that the child's social worker is informed.
- 19.3.8 Ensuring that the vulnerability of children with special educational needs and or disabilities is recognised and fully supported by the inclusive ethos of the school, overseen by the headteacher and SENDCo.
- 19.3.9 Where a child discloses a concern or informs of an incident that has involved them in an incident involving sexual violence and or sexual harassment the staff member will ensure the child (victim) is taken seriously, kept safe and never be made to feel like they are creating a problem for reporting abuse, sexual violence, or sexual harassment.

- 20.4 The school has in place recruitment, selection, and vetting procedures in accordance with KCSiE 2025 Part Three and maintains a Single Central Record (SCR), which is reviewed regularly and updated in accordance with KCSiE 2025 Part Three paragraphs 209 to 351.
- 20.5 Staff will have access to advice on the boundaries of appropriate behaviour and will be aware of the School Employee Code of Conduct, which includes contact between staff and pupils outside the work context. Concerns regarding low-level concerns will be included in our Code of Conduct from 1 September 2025 in line with KCSiE Part Four Section two. This is shared at induction and at the start of each academic year. Staff sign to say that they have read and understood the content.

- 20.10 The school has a probation policy that shared with all new staff: it outlines a comprehensive induction period.

20.11 *Where* the school places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil and should be satisfied that the provider meets the needs of the pupil. The school will obtain written confirmation from the alternative provision provider that appropriate safeguarding checks have been conducted on individuals working at the establishment, i.e., those checks that the school would otherwise perform in respect of its own staff. All Alternative Providers will be agreed and confirmed with the Flying High Partnership. Written confirmation will be completed by the Senior DSL and the AP provider as part of a site visit and completion of the FHP Alternative Provision checklist and the Alternative Provision Transition Plan. This written confirmation will determine that all appropriate safeguarding checks have been carried out on the individuals working at the establishment. These members of staff will also be added to the school Single Central Record.

 - 28.11.10 Encourage a culture of protecting children, listening to children and their wishes and feelings.
- 28.12 **Raise awareness:**
- 28.12.1 Ensure that the child protection policies are known, understood, and used appropriately.
 - 28.12.2 Ensure that the child protection policy is reviewed annually in consultation with staff members, and procedures are updated and reviewed regularly and implemented, and that the governing body is kept up to date and actively involved.
 - 28.12.3 Work strategically to ensure policies and procedures are up to date and drive and support development work within the school.

- 29.6 Availability - During term time the Senior Designated Safeguarding Lead (*or a Deputy*) will always be available during school hours for staff in the school to discuss any safeguarding concerns. In the absence of the Designated Safeguarding Leads a member of the senior leadership team will be nominated to provide cover. Appropriate arrangements will also be in place for any out of school hours' activities in line with the guidance contained in DfE KCSiE 2025 Part Two and Annex C].

30. Headteacher

30.1 The Headteacher of the school will ensure that:

- 30.1.1 The policies and procedures adopted by the governing body/trust, (particularly those concerning referrals of cases of suspected abuse, neglect and exploitation), are understood, and followed by **all** staff.

- 30.1.6 The Headteacher will ensure there are mechanisms in place to assist staff to fully understand and discharge their role and responsibilities as set out in KCSiE 2025.
- 30.1.7** Where there is an allegation made against a member of staff (either paid or unpaid, including volunteers) that meets the criteria for a referral to the LADO, then the headteacher or principal will discuss the allegation immediately with the LADO (within 24 hours) and ensure that cases are managed as per Part Four: Allegations made against/Concerns raised in relation to teachers, including supply teachers, other staff, volunteers, and contractors in KCSiE 2025. If the allegation is against the Headteacher, then the Chair of the Governing Body will manage the allegation – see below. The investigation lead will liaise with the FHP Safeguarding Lead, Safeguarding team and the FHP HR team.

31. Governing Body and Multi- Academy Trust

- 31.1 We recognise our *Governing body/Trust* has a strategic leadership responsibility for our school's safeguarding arrangements and must ensure they comply with their duties under legislation and must have regarding to KCSiE 2025, ensuring policies, procedures and training in our school are effective and always comply with the law.
- 31.2 The governing body/trust will be collectively responsible for ensuring that safeguarding arrangements are fully embedded within the school's ethos and reflected in the school's day to day safeguarding practices by:
 - 31.2.1 Ensuring there is an individual member of the governing body to take leadership responsibility for safeguarding and champion child protection issues in the school.

- 31.2.8 Ensuring that the governing body understands it is collectively responsible for the school's safeguarding arrangements, even though a governor will be nominated as the 'Safeguarding Governor' and person who will champion all safeguarding requirements.'
- 31.2.9 All members of the governing body will undertake safeguarding training to ensure they have the knowledge and information needed to equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place are effective and support the delivery of robust 'safeguarding arrangements and act as the 'critical friend'. This training must focus on their strategic role and not on operational procedures.
- 31.2.10 The Chair of Governors and named Safeguarding Governor will access role specific training to enable them to comply and discharge their child protection/ safeguarding responsibilities including should any allegations be made against the Headteacher/ Principal.
- 31.2.11 The Governing body will collectively ensure there is a training strategy in place for all staff, including the headteacher, so that child protection training is undertaken and refreshed in line with KCSiE 2025 and LRSCP guidance.

- 31.2.13 Ensuring that temporary staff and volunteers who work with children are made aware of the school's arrangements for child protection and their responsibilities.
- 31.2.14 Ensuring there are procedures in place to manage allegations against staff and exercise disciplinary functions in respect of dealing with a complaint KCSiE 2025 Part Four Section One.

- 31.2.15 Ensuring that arrangements/procedures are in place to manage and provide clarity on the process for sharing 'low level' concerns, which should be referred to within the school/college Staff Code of Conduct, (Allegations and concerns about a staff member that after initial consideration by the 'case manager' do not meet the criteria for a referral to LADO).
- 31.2.16 Ensuring a response if there is an allegation against the headteacher by liaising with the LADO or other appropriate officers within the local authority.
- 31.2.17 Ensuring appropriate responses to children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse, including child sexual exploitation and going missing in future.
- 31.2.18 Be aware of the issues involving the complexity of serious violence and sexual violence and sexual harassment between children and ensure the *school* has policy, procedures and staff are trained (including the DSL and Senior Leadership) to recognise and respond to incidents and resources to manage actions and support for those involved.
- 31.2.19 Be alert and respond to harmful online challenges and hoaxes, including providing information and advice to parents and carer and informing where to get help and support.
- 31.2.20 Be alert to the growing concerns involving knife crime and ensure the school works closely with the police and safeguarding partners to raise awareness of the impact of such crime and adopt proactive practice to address concerns locally and within the community.
- 31.2.21 Ensuring appropriate filters and monitoring systems are in place to protect children online and children are taught about keeping safe online through the curriculum.
- 31.2.22 Giving staff the opportunities to contribute and shape safeguarding arrangements and child protection policy.
- 31.2.23 When the *school* premises are used for non-school activities, the Governing body/trust will seek assurances that the body concerned has appropriate safeguarding and child protection policies and procedures in place, and inspect them as needed, including liaising with the Headteacher/trust. This will apply regardless of whether or not children who attend the provision are on the school or college roll.
- 31.2.24 Any safeguarding concerns involving outside organisations will be addressed through our school/college safeguarding policies and procedures and in line with Leicestershire Safeguarding Children Partnership procedures.
- 31.2.25 Prevent people who pose a risk of harm from working with children by adhering to statutory responsibilities to check staff who work with children, making decisions about additional checks and ensuring volunteers are supervised as required.
- 31.2.26 Ensure at least one person on an interview panel has completed safer recruitment training.

- 31.2.27 Inform any new prospective employees' candidate that our school will carry out online checks (KCSiE 2025 Part Three Safer Recruitment).
- 31.2.28 Recognising that certain children are more vulnerable than others, such as looked after children and children with special educational needs and disabilities.
- 31.2.29 Be open to accepting that child abuse and incidents can happen within the school and be available to act decisively upon them.

32. Looked After Children – The Role of Designated Teacher and the Designated Safeguarding Lead

- 32.1 A teacher is appointed who has responsibility for promoting the educational achievement of children who are looked after. They have the appropriate training. The Designated Teacher will work with the Virtual School to ensure that the progress of the child is supported.
- 32.2 The Designated Safeguarding Lead will also have details of the child's social worker and the name of the Head of the Virtual School. The Designated Safeguarding Lead will work closely with the Designated Teacher, as we recognise that children may have been abused or neglected before becoming looked after. We will ensure their ongoing safety and wellbeing as well as supporting their education, through linking with their social worker, carers, and parents where appropriate.
- 32.3 We also recognise those children who were previously Looked-After potentially remain vulnerable and all staff will be informed of the importance of maintaining support for them through our school pastoral system. As a school we will continue to recognise the importance of working with agencies and take prompt actions where necessary to safeguard these children, who may remain vulnerable.
- 32.4 The Head of the Virtual school includes responsibility for promoting the educational achievement of children in kinship care. Therefore, schools should recognise that these children may require additional support to be successful in school.

Children with Special Educational Needs

- 32.5 We recognise that children with special educational needs (SEN) and or disabilities can face additional safeguarding challenges on and offline. Children with SEN and or disabilities are especially vulnerable when identifying concerns due to their impaired capacity to resist or avoid abuse. They may have speech, language and communication needs which may make it difficult to tell others what is happening.
- 32.6 All staff are aware that additional barrier can exist when recognising abuse, neglect and exploitation for children with SEND and be more prone to peer group isolation or bullying (including prejudice-based bullying) than other children. They may not always show outward signs and may have communications barriers and difficulties in reporting challenges, especially involving exploitation or incidents involving child-on-child harm, abuse, or harassment and particularly where that harassment or

harm is of a sexual nature. Our staff's vigilance will be a supporting factor to keeping all children safe.

32.7 Staff should consider extra pastoral support and attention for these children, along with ensuring any appropriate support for communication is in place. Further information can be found in the DfE:

- SEND Code of Practice 0 to 25 years, and Supporting Pupils at School with Medical Conditions.

32.8 Our policy reflects the fact that additional barriers can exist when recognising abuse, neglect, and exploitation in this group of children which include:

32.8.1 assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration.

32.8.2 children with SEN and disabilities can be disproportionately impacted by things like bullying, without outwardly showing any signs; and communication barriers and difficulties in overcoming their ability to disclose incidents or the risk of harm they feel subject to,

32.8.3 addressing individual behaviour concerns and incidents considering the child's SEN and disabilities.

32.8.4 recognising and having in place additional support for example to teach, advise, mentor and support children with SEND from online harms, hoaxes, bullying, grooming and radicalisation and enable them to have confidence and the ability to stay safe online, either in schools or outside the school environment.

33. Acting where concerns are identified.

33.1 Our staff recognise the difference between concerns about a child and a child in immediate danger.

33.2 If staff have concerns about a child, they will need to decide what action to take. A discussion should take place with the Senior Designated Safeguarding Lead, to agree a course of action.

33.3 If a child is in immediate danger or risk of harm a referral will be made immediately to First Response and/or immediately to the police if at imminent risk of harm by the member of staff if required, with the Designated Safeguarding Lead being informed of the referral.

33.4 If a child chooses to tell a member of staff about alleged abuse, there are several actions that staff will undertake to support the child:

33.4.1 The key facts will be established in language that the child understands, and the child's words will be used in clarifying/expanding what has been said.

33.4.2 No promises will be made to the child, e.g., to keep secrets.

33.4.3 Staff will stay calm and be available to listen.

33.4.4 Staff will actively listen with the utmost care to what the child is saying.

- 33.4.5 Where questions are asked, this should be done without pressurising and only using open questions.
- 33.4.6 Leading questions should be avoided as much as possible.
- 33.4.7 Questioning should not be extensive or repetitive.
- 33.4.8 Staff will not/ should not put words in the child's mouth but will subsequently note the main points carefully.
- 33.4.9 A full written record will be kept by the staff duly signed and dated, including the time the conversation with the child took place, outline what was said, comment on the child's body language etc.
- 33.4.10 It is not appropriate for staff to make children write statements about abuse that may have happened to them or get them to sign the staff record.
- 33.4.11 Staff will reassure the child and let them know that they were right to inform them and inform the child that this information will now have to be passed on.
- 33.4.12 The Designated Safeguarding Lead will be immediately informed unless the disclosure has been made to them.
- 33.4.13 Information should be shared with children's social care without delay, either to the child's own social worker or to First Response. Children's Social Care will liaise with the police where required, which will ensure an appropriate police officer response rather than a uniformed response.
- 33.4.14 The Police would only therefore be contacted directly in an emergency or if a child is in immediate risk of harm, abuse, or danger.

Staff should never attempt to carry out an investigation of suspected child abuse by interviewing the child or any others involved, especially if a criminal act is thought to have occurred. The only people who should investigate child abuse and harm are Social Care, Police, or the NSPCC.

34. Confidentiality

- 34.1 We recognise that all matters relating to child protection are confidential; however, a member of staff must never guarantee confidentiality to children; children will not be given promises that any information about an allegation will not be shared.
- 34.2 Where there is a child protection concern it will be passed immediately to the Designated Safeguarding Lead and/or to children's social care. When a child is in immediate danger children's social care/the police will be contacted.
- 34.3 The Headteacher or Senior Designated Safeguarding Lead will disclose personal information about a pupil to other members of staff, including the level of involvement of other agencies, only on a 'need to know' basis.
- 34.4 All staff are aware that they have a professional responsibility to share information with other agencies in order to safeguard children. They are aware that the Data Protection Act 1998 should not be a barrier to sharing of information where failure

to do so would result in a child being placed at risk of harm. Staff should refer to the DfE Data Protection guidance for schools (DfE, 2024b).

- 34.5 We acknowledge further guidance can be found by visiting Leicestershire and Rutland Safeguarding Children Partnership website: <https://lrsb.org.uk/>

35. Information Sharing

- 35.1 Effective sharing of information between practitioners and local organisations and agencies is essential for early identification of need, assessment, and service provision to keep children safe. Serious Case Reviews (SCRs) now known as Rapid Reviews (RRs) have highlighted that missed opportunities to record and thereby understand the significance of sharing information in a timely manner can have severe consequences for the safety and welfare and well-being of children (Working Together to Safeguard Children, December 2023).

35.2 We will adopt the information sharing principles detailed in statutory safeguarding guidance contained within:

- 35.2.1 DfE KCSiE 2025 has several sections which provide clarity on information sharing processes and GDPR including within Annex C which makes clear the powers to hold and use information when promoting children's welfare.

- 35.2.2 Working Together to Safeguard Children 2023 paragraphs 28 to 33 and on pages 18 -20.

- 35.2.3 Information Sharing: Advice for practitioners providing safeguarding services to children, young people, parents, and carers (which has been updated to reflect the General Data Protection Regulation (GDPR) and Data Protection Act 2018.

- 35.2.4 Leicestershire and Rutland Safeguarding Children Partnership (NSCP) Policy and Practice Guidance.

- 35.2.5** Staff and governors have completed GDPR training.

36. Records and Monitoring [KCSiE 2025 paragraphs 66 to 68, Part Four, Part Five, Annex C]

- 36.1 Foxbridge Primary School uses CPOMS (Child Protection Online Management System) to maintain good quality records, ensuring that they reflect every child's journey through the safeguarding system and engagement with statutory agencies, including Social Care, Early Help, Police, CAMHS, Health and other services.

- 36.2 Any concerns about a child will be recorded in writing within 24 hours. All records will provide a factual and evidence-based account and there will be accurate recording of any actions. Records will be signed, dated and, where appropriate, witnessed. Where an opinion or professional judgement is recorded this should be clearly stated as such. As well as keeping records of concerns, discussions and decisions, designated safeguarding leads should keep record of the rationale for any decisions made.

- 36.3 At no time should an individual teacher/member of staff or school be asked to or consider taking photographic evidence of any injuries or marks to a child's person; this type of behaviour could lead to the staff member being taken into managing allegations procedures. The body maps should be used in accordance with recording guidance and to support clarity for example of areas of injury, marks and bruising and or touching.
- 36.4 Any concerns should be reported and recorded without delay to the appropriate safeguarding services e.g., First Response or the child's social worker if already an open case to social care.
- 36.5 A chronology will be kept in the main school file prior to the commencement of a concern file. Staff, particularly pastoral staff, will record any minor concerns on the chronology and will take responsibility for alerting the Designated Safeguarding Lead should the number of concerns rise or, in their professional judgement, become significant. At the point at which a concern file (see below) is commenced then the chronology can be transferred to the concern file.
- 36.6 Our **school** will ensure all our files will be available for external scrutiny for example by a regulatory agency or because of a serious case review or audit.

37. Why recording is important

- 37.1 Our staff will be encouraged to understand why it is important that recording is comprehensive and accurate and what the messages from serious case reviews are in terms of recording and sharing information. It is often when a chronology of information is pieced together that the level of concern escalates or the whole or wider picture becomes known.
- 37.2 We acknowledge without information being recorded it can be lost. This could be crucial information, the importance of which is not always necessarily apparent at the time. On occasions, this information could be crucial evidence to safeguard a child or be evidence in future criminal prosecutions.
- 37.3 Foxbridge Primary School uses CPOMS to record and store safeguarding concerns

38. The Child Protection (CP), Child in Need (CiN) or Confidential file

[KCSiE 2025 Annex C pages 166 to 170 and paragraphs 68,102,122, 123, 540 and **543**].

The establishment of a Child Protection, CiN or Confidential Safeguarding file, which is separate from the child's main school file, is an important principle in terms of storing and collating information about children which relates to either a child protection or safeguarding concern or an accumulation of concerns about a child's welfare which are outside of the usual range of concerns which relate to ordinary life events. It should be borne in mind that what constitutes a 'concern' for one child may not be a 'concern' for another and the child's particular circumstances will need to be taken into account for example if a child is subject to a child protection plan, CiN plan or has looked after status (LAC). Professional judgement will therefore be an important factor when making this decision and will need clear links between pastoral staff and those with Designated Safeguarding Lead responsibilities in school.

- 38.1 A 'child protection' or 'confidential' file should be commenced in the event of:
- A referral to First Response/Children's Social Care.
 - A number of minor concerns on the child's main school file.
 - Any child open to social care.
- All 'child protection' or 'confidential' file should contain the following A front sheet.
- A chronology.
 - A record of concern in more detail and body map, where appropriate.
 - A record of concerns and issues shared by others.
- 38.2 The school will keep electronic records of concerns about children even where there is no need to refer the matter to First Response/Children's Social Care (or similar) immediately, but these records will be kept within the separate concerns file.
- 38.3 Records will be kept up to date and reviewed regularly by the Snr Designated Safeguarding Lead, to evidence and support actions taken by staff in discharging their safeguarding arrangements. Original notes will be retained (but clearly identified as such) as this is a contemporaneous account; they may be important in any criminal proceedings arising from current or historical allegations of abuse or neglect.
- 38.4 To ensure the security and confidentiality of all safeguarding records, access to CPOMS is limited. All staff have their own log in details and are shown how to log incidents. Only the DSL and DDSL have full access permissions – they share relevant information with relevant staff as required.
- 38.5 The 'confidential' file can be active or non-active in terms of monitoring i.e., a child is no longer LAC, subject to a child protection plan or EHAF and this level of activity can be recorded on the front sheet as a start and end date. If future concerns arise, they can be re-activated and indicated as such on the front sheet and on the chronology as new information arises.

39. Transfer of child's child protection file, child in need, LAC, or confidential file (statutory requirement):

- 39.1 Our school will adopt the file transfer guidance contained in KCSiE 2025 and ensure when a child moves school/education provision their child protection/confidential file is sent securely to their new educational setting when the child starts/ leaves the school/academy.
- 39.2 For those children subject of social care and safeguarding agency involvement will ensure the file is able to evidence the child's journey and include key information as described in KCSiE 2025 should a child subject to social care involvement transfer schools, college, or education provider we will ensure the child's child protection or confidential file move is transferred within 5 days as required by KCSiE.
- 39.3 Our Senior DSLs will liaise directly with the receiving school, college or alternative placement and hold a discussion to share important information to support the child's transfer to ensure the child remains safeguarded, has any 'reasonable

adjustments' agreed, and put in place and to ensure the changes experienced by the child are as smooth as possible to enable a positive integration experience and engagement with new staff and learning.

39.4 In accordance with KCSiE 2025 we will maintain information on cohorts of children who have been open to social care, have had a social worker or who are closed to social care and may have returned to the family home. This information will only be considered for sharing 'if appropriate' with the new school or provider in advance of the child leaving to allow for the new school to continue supporting the children who have had a social worker or been victims of abuse, including those who are currently receiving support through the 'Channel' programme.

39.5 When a child attends Alternative Provision the safeguarding file will remain with the child's school, the DSL must share relevant information to allow the Alternative Provision to safeguard the child.

[KCSiE 2025 Annex C]

40. Recording Practice

40.1 Timely and accurate recording will take place when there are any issues regarding a child.

40.2 A recording of each and every incident or concern for the child will be made, including any telephone calls to other professionals. These will also be recorded on the chronology and kept within the child protection file for that child, as over time they are likely to help identify any patterns or emerging risks and needs. This will include any contact from other agencies who may wish to discuss concerns relating to a child. Actions will be agreed, and roles and responsibility of each agency will be clarified, and outcomes recorded.

40.3 The chronology will be brief and log activity; the full recording will be on the record of concern.

40.4 Further detailed recording will be added to the record of concern and will be signed and dated. Records will include an analysis of the event or concerns and will take account of the holistic needs of the child, and any historical information held on the child's file.

40.5 Support and advice will be sought from social care, or early help whenever necessary. In this way a picture can emerge, and this will assist in promoting an evidence-based assessment and determining any action(s) that needs to be taken.

40.6 This may include no further action, whether an Early Help Assessment should be undertaken, or whether a referral should be made to First Response/Children's Social Care in-line with the Threshold for access to services published September 2021, or any later edition made available by Leicestershire and Rutland Safeguarding Children Partnership.

40.7 Such robust practice across child protection and in safeguarding and promoting the welfare of children will assist the school and DSL team in the early identification of any concerns which may require addressing further and the prevention of future harm, risk, or abuse.

40.8 The Designated Safeguarding Lead will have a systematic means of monitoring children known or thought to be at risk of harm (through the concern file and through an ongoing dialogue with pastoral staff). They will ensure that we contribute to assessments of need and support multi-agency plans for those children.

41. Educating Young People – Opportunities to teach safeguarding *[KCSiE 2025 paragraphs 124 to 139, Annex A & Annex C Online Safety paragraph 140 to 150].*

41.1 As a school, we will teach children in an age-appropriate way about youth produced imagery, on-line risks associated with social networking to prevent harm by providing them with the skills, attributes, and knowledge to help them navigate risks, including covering online safety, remote learning, filters and monitoring, information security, cyber-crime, fake news, disinformation and conspiracy theories, reviewing online safety platforms and use of mobile technology. We will ensure appropriate filters and monitoring systems in place and regularly review their effectiveness.

41.2 The education we provide for online safety will take into account the need for children to learn using online technologies to include generative artificial intelligence in a safe environment whether that be in school, in the home or in a community environment. This will also be taught as part of a wider RSHE programme, as well as through other subject areas and ICT.

41.3 We will ensure a whole school approach is in place to promote giving children the space to explore key issues in a sensitive way and the confidence to seek the support of adults should they encounter problems or online harms, hoaxes or harassment including involving incidents of sexual violence and sexual harassment between children.

41.4 We will carefully consider mobile phone use and the new filtering and monitoring standard required by DfE and how this is managed in school and ensure it is reflected in our mobile and smart technology policy. This will include where children have unlimited and unrestricted access to the internet via mobile phone networks (i.e., 3G, 4G and 5G).

41.5 Our arrangements will be regularly reviewed to address this additional area of safeguarding as technologies change on a regular basis and having access to smart technology could mean some children, whilst at school, sexually harass, bully, and control others via their mobile and smart technology, share indecent images consensually and non-consensually (via large chat groups) and view and share pornography and other harmful content.

41.6 RSHE is taught through both the science and PSHE curriculum. It helps children to understand the importance of family life, friendships, safe relationships, respect, diversity, and promotes the British values. Further information can be found in our RSHE policy.

41.7 Children and parents are made aware of on-line safety to minimise the safeguarding risks technology can pose and where they can seek advice, help, and support. This is done through e-safety lessons, PSHE lessons, assemblies, newsletters and our school website.

41.8 Children can access remote learning via TEAMS should this be necessary.

42. Helplines and reporting

42.1 Children can talk to a Child Line counsellor 24 hours a day about anything that is worrying them by ringing 0800 11 11 or in an online chat at <https://www.childline.org.uk/get-support/1-2-1-counsellor-chat/>

42.2 Where staff members feel unable to raise an issue with their employer, or feel they have a genuine concern that is not being addressed we acknowledge they may wish to consider whistleblowing channels. Likewise, if parents and carers are concerned about their child, they can contact the NSPCC Helpline by ringing 0800 028 028 0295, or by emailing help@nspcc.org.uk
